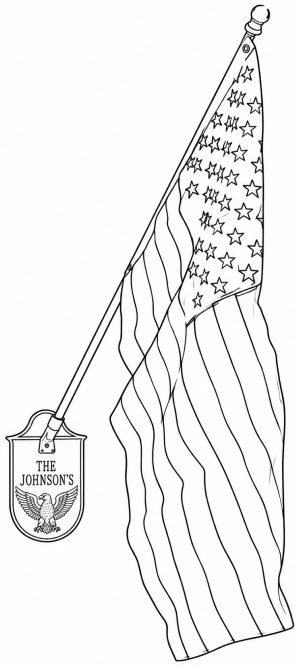
Flag Pole Plaque



Must supply own flag pole and flag

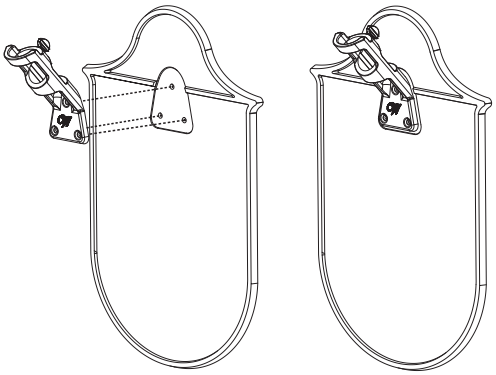


Figure 1

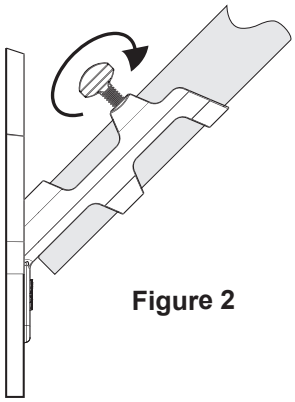

Figure 2

IMPORTANT NOTE! Only accommodates a 6 foot 1 inch diameter Flag Pole

Tools Needed:

Pencil
1/8 inch drill bit
Philips bit
Power drill

If mounting to brick or stucco you need to use wall anchors to ensure proper mount.

Wall Installation Instructions

1. Find a suitable spot for your Flag Pole Plaque on a wall or post .
2. Hold Plaque in it's desired location and mark the placement of the 3 through holes with a pencil. Ensure Plaque is straight and level.
3. Using a 1/8 drill bit pre-drill holes roughly 1 inch deep.

   If mounting to brick or stucco you need to use wall anchors to ensure proper mount.
4. Locate 3 screws, plaque and pole bracket. Begin threading the first screw through top hole of both bracket and plaque. See figure 1. Line up with pre drilled hole and with power drill equiped with philips bit screw in first screw. Repeat for the 2 other screws.
5. Locate Flag and Flag Pole Purchased separately. Mount flag to pole.
6. Take assembled flag pole and insert into the round opening on the mounted bracket on the flag pole plaque.
